ABOUT THE RIVERINA FIELD DAYS

Riverina Field days is a 2 day annual event held at the Griffith Showgrounds in May of each year under the auspice of The Coro Club.

The Riverina Field Days continues to attract solid numbers of over 5000 people each year and showcases over 200 exhibitors. The Riverina Field Days strength is the diversity & variety of agricultural machinery and products/services from the region.

Each year attendance is strong due to the ever-evolving range of attractions & quality exhibitors. Ranging from automotive, ag machinery and products from all industries, equipment, arts and craft, The kids area also entertained with jumping castles, bungee jumps, animals, show rides and show bags! It really is a field day for everyone!

The annual event is so successful because of the right combination of exhibitors, family & kids attractions, entertainment, food and demonstrations. The Riverina Field Days has become an event on Griffith's calendar that people look forward to and is only field day being held in the M.I.A. We are grateful for the long term support of Major Sponsor since 2007- 2019 of The Riverina Winegrape Growers.

So, what is the Riverina Field Days all about and why is it so important to the community?

This region produces quality food and fibre products and is widely known as the 'food bowl'. The Riverina Field Days is the perfect opportunity to showcase what's new in farming, best farming practices, new technology, and a networking opportunity for farmers across a vast range of industries. It boosts our local tourism economy, with people travelling from far and wide, most staying a night or two.

Quick Facts

-2 day event in May of each year

-5000 Visitors
